Urgent Care

When It's Not Quite an Emergency

Urgent care centers are a convenient alternative for ready access to healthcare for minor illnesses and injuries. The Alabama Gulf Coast Urgent Care Center is backed by the comprehensive services of the South Baldwin Regional Medical Center and is not intended to be used for life threatening emergencies or as a substitute for your personal physician. When in doubt about the seriousness of an emergency, call 9-1-1 and/or go to an emergency room.

Urgent Care Physicians

Shelia Dillard, M.D.

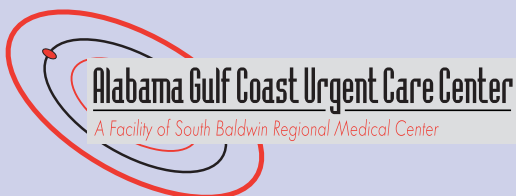

John McAtee, M.D.
